

Where to go to have a blood test Updated to reflect new pilot scheme w/c 28 June 2021

A pilot community blood testing service began w/c 28 June 2021 in Barking and Dagenham, Havering and Redbridge. It aims to continue to improve access to phlebotomy services across BHR, reduce waiting times and ensure urgent tests can be booked for the same or next day. Blood tests will also be available at weekends at some sites. The target is for all patients to be able to have their blood test within seven days. All bookings and cancellations can be made online or by phone.

The pilot service is being developed by NEL CCG, North East London Foundation Trust (NELFT), Barking, Havering and Redbridge University Hospitals NHS Trust (BHRUT) and primary care providers, who have worked together to ensure that phlebotomy services meet the needs of local people throughout the pandemic.

[The latest stakeholder update regarding this service can be found on our website.](#)

If you have any comments or queries about this pilot, please email nelondon.bhrphlebotomy@nhs.net

- There are currently **no walk-in services** available for Barking and Dagenham, Havering or Redbridge patients – all blood tests must be booked in advance.
- Blood tests for **children under 12 (under 16's with LD)** are carried out by appointment only by the BHRUT Children's Outpatient department.
- **Always take your paper blood test form to your appointment** as this is needed to process your blood test. If you have a blood test form from BHRUT, this can also be used at community sites.
